

Why Join The XK Club?

What Our Members Say...

"Thank you so much for all the years of pleasure the magazine has given me." GB-W, UK

"I must say you have a well organised club with a good magazine and excellent venues." EO, France

"Thanks again for the wonderful [Annual] Dinner in the House of Commons. We thoroughly enjoyed ourselves in very good company!" HvdV, Holland

"I have just joined the XK Club and am writing to say what a find it has been. The 10% discount I saved on a new set of wires for the 150 has more than paid for my membership." KA, UK

"The XK Gazette is the letterbox highlight of the month."
John Elmgreen, Australia (XK author)

Patron: Sir Stirling Moss

The motor racing legend has been Patron of the XK Club since 2000. The XK played an important role in his early career and he describes his TT win in a 120 as his "great breakthrough".

The Jaguar XK Club

About the XK Club

Background

Philip Porter: "In 1997 Julie Porter and I decided to form an international club purely for classic Jaguar XKs. We never imagined it would grow to the extent it has and play such a significant role in the lives of so many owners.

I think a good club can enhance ownership in many ways. There is the exchange of information, the sharing of common problems and solutions, and the camaraderie created by events, to say nothing of the celebration of these great cars. I have owned my XKs for over 40 years and still get enormous pleasure out of driving them."

Just XKs

What makes this club so different is that it concentrates 100% on XK 120s, 140s and 150s, and their derivatives, the C-types and D-types.

The XK Gazette

At the heart of the Club is the 68+ page monthly magazine headed up by Philip Porter and, since 2017, former Editor of *Classic & Sportscar* magazine, James Page. We have exceptional support from members who contribute from around the world on all manner of topics.

There are superb technical and practical articles, event reports, coverage of racing, originality articles, upgrading advice, restoration stories and marketplace updates...

Digital Edition

As well as the printed magazine, we also offer a digital version, free of charge. This arrives by email, has video, search functions, extra photos, live links, and more.

Website

The active website is constantly updated in-house and has an ever expanding *Members' Only* section with technical library and practical videos.

An International Club

The Club is truly international and we are proud to have members in more than 50 countries. As an alternative to our 'standard' membership, we offer a 'digital magazine only' option outside Europe at a reduced subscription fee.

The Ethos & Events

The Club's emphasis is very much on using our cars – the XK was designed to be driven!

Thus we have a wide range of events from runs to international tours, from lunches to weekends, from track days to technical seminars. We also hold events in conjunction with charity partners, most successfully our annual [Round Britain Coastal Drive](#) in support of [Prostate Cancer UK](#).

As well as events organised by HQ, we also have a thriving community at local level, with regional activities and events being arranged by our splendid volunteer Representatives around the UK, Europe, the USA, Australia and many other countries.

The Team

We also have a small but dedicated office-based team, most of whom have now worked with us for many years.

Discounts

Many specialists and insurers offer members a meaningful discount. These discounts and the technical advice helps those members restoring, maintaining or upgrading their cars, and can easily cover the annual subscription.

All of this for less than a tank of fuel!

Co-Founder: Philip Porter

Philip Porter is the author of about 30 motoring and motor racing books, including around 15 Jaguar titles such as *Original Jaguar XK*, plus four with Club Patron, Sir Stirling Moss. Philip's books have been voted 'Book of the Year' three times and he writes for magazines such as *Octane*.

Philip has owned his XKs since 1973. In 2005 he founded [Porter Press International](#), now the world's leading publisher of quality motoring books.
